

Illinois Success Sequence Program SITE AGREEMENT

Success Sequence

This document provides terms and conditions for utilization of the Illinois Success Sequence Program (ISSP) in a school or other program setting. This agreement may be terminated upon request.

School or Site Name _____ **agrees that:**

- We have reviewed the Illinois Success Sequence Program (ISSP) materials *Game Plan*, *Quest*, *Aspire*, and/or *Navigator* and deemed the program(s) appropriate for implementation.
- At least eight (8) classroom periods will be dedicated to implement the program with fidelity along with support services.
- Performance measurement documents, including student enrollments and attendance, will be collected and provided to A&M Resources within 2 weeks of completing the program.
- As part of a federally funded program, youth will be asked to complete voluntary, confidential surveys.
- ISSP promotes optimal health by encouraging youth to embrace positive youth development and avoid risk behaviors.
- The use of *Game Plan*, *Quest*, *Aspire*, or *Navigator* does not hold A&M Resources liable for any legal claims made against your school or agency.
- Possible site visits from A&M Resources staff will be allowed.
- School instructors will follow mandated reporting procedures as required by law.
- Parental Permission/Communication by site is provided accordingly: (Select one)

I confirm that our site uses opt-out/passive parental permission for youth to participate in the SRAE program and will notify parents/guardians of the voluntary program and the surveys.

I confirm that our site uses opt-in/active parental permission for youth to participate in the SRAE program and will secure permission for youth to participate in the voluntary program and surveys.

A&M Resources agrees to:

- Help identify support services as needed for vulnerable youth and their families.
- Ensure program activities are age appropriate, trauma informed, medically accurate, inclusive, promote cultural sensitivity, and enforce anti-harassment protocols.
- Collect and store participant demographic information and other reporting requirements in a secure database under restricted access policies.

As a site that agrees to implement the Illinois Success Sequence Program, I agree to and will abide by the terms and conditions stated above.
