

# The Success Sequence Program SRAE Site Agreement

Success Sequence

This document provides terms and conditions for utilization of the Success Sequence Program (SSP) in a school or other program setting. This agreement may be terminated upon request.

**School or Site Name** \_\_\_\_\_ **agrees that:**

- We have reviewed the Success Sequence Program (SSP) materials, Game Plan, Quest, Aspire and/or Navigator and deemed the program(s) appropriate for implementation.
- At least eight (8) classroom periods will be dedicated to implement the program with fidelity along with any necessary support services.
- Performance measures documents, including student enrollments and attendance will be collected and provide to A&M Resources within 2 weeks of completing the program.
- As part of a federally funded program, youth will be asked to complete voluntary, confidential entrance and exit surveys.
- Students will be asked to complete a voluntary, confidential evaluation survey before and after programming to help measure the effectiveness of the program, which may include a 3-month follow-up survey.
- The SSP promotes optimal health and future success by encouraging youth to embrace positive youth development and avoid risk behaviors.
- The use of the Success Sequence Program materials does not hold A&M Resources liable for any legal claims against your school or agency.
- Educator observations will be permitted to ensure program fidelity.
- Educator will follow mandated reporting procedures as required by law.
- Parental Permission/Communication by site is provided accordingly: (Select one)
  - ☐ I confirm that our site uses opt-out/passive parental permission for youth to participate in the SRAE program and will notify parents/guardians of the voluntary program and the surveys.
  - ☐ I confirm that our site uses opt-in/active parental permission for youth to participate in the SRAE program and will secure permission for youth to participate in the voluntary program and surveys.

**A&M Resources agrees to:**

- Help identify support services as needed for all youth and their families.
- Ensure program materials and activities are age and culturally appropriate, trauma informed, and medically accurate.
- Collect and store participant demographic information and other reporting requirements in a secure database under restricted access policies.

As a site that agrees to implement the Success Sequence Program, I agree to and will abide by the terms and conditions stated above.
